Should be NIOSH 6002 using a sorbent tube.

I'm reading OSHA 1003, but I can not find NIOSH 6003. The only reference I can find for NIOSH 6003 is for an organic acid air mask filter model # 6003 by 3M. Can someone provide me a copy of NIOSH method 6003, or please clarify...

Thanks

Phil

Subject: Confirmation Air Sampling

Here's what I'm looking at for confirmation air sampling: VOCs (Summas), Pesticide, and Phosphine analysis (either NIOSH 6003 or OSHA 1003). Will need Jon Rauscher to decide which method is needed.
